I NEVER KNEW THE WORLD WAS ROUND

words and music by Paul Busby

**I never knew the world was round,
I thought the stars had all been found,
Until I met you.**

**I swallowed all that I was told,
Accepting all that I was sold,
Believing all was true,
Until I first met you.**

**You've opened up my eyes,
Showing me the way to see,
It's been a great surprise
Seeing how the world can be.**

**And now I know reality,
The way ahead is clear to me,
And I can face the world anew,
It's thanks to you, you, you.**

last verse on last time

**And now I know reality,
The way ahead is clear to me,
But there's a thing I can't ignore,
As I was happier before.**
